Please join us for Family & Friends Mentor Training:

Dear Mentors:

Mentors are truly the heart of ABCD's mission to offer free, personalized information and one-to-one support to people affected by breast cancer. Thank you for all the support that you have offered, through your mentoring, to thousands of men and women diagnosed with breast cancer.

ABCD is strengthening our Family & Friends mentoring program in order to better provide support to *everyone* affected by breast cancer. We've designed a one day training program just for Family & Friends mentors. Please consider inviting any of your family and friends who supported you through your journey, to train as an ABCD mentor. Training includes:

- **What's new in breast cancer treatment with breast cancer surgeon Julie Kepple, MD.**
- **Learn how to recognize and deal with depression.**
- **Understand the legal and ethical issues involved with being an ABCD volunteer mentor.**
- **Special session on the role of the caretaker.**

**Our free Family & Friends Mentor training is being held on
Saturday, January 23, 2010
8:45 a.m. – 3:30 p.m.**

***Summit Place:*
6737 W. Washington Street, West Allis, WI 53214**

**Advance registration is required.
Continental breakfast and lunch will be provided.**

Please feel free to call the office or visit our website for more information.

Sincerely,

Jackie
